# Condor LD

Light Duty Flexible Impact Door

The Condor LD Light Duty Flexible impact door is constructed from abrasion-resistant vinyl coated nylon. This door has many applications including supermarket, food processing and institutional.

- ✓ Specifically designed and manufactured to absorb light duty impact
- ✓ Clear polycarbonate window
- ✓ Bi-parting door panels have a 3" center overlap providing a temperature and noise barrier
- ✓ 12" impact plates come standard on both sides
- ✓ Top mounted gravity hinge permits door to open fully and close automatically
- ✓ No bottom hinge allows for maximum use of opening width
- ✓ Top and bottom wiper gaskets
- ✓ Effortless operation
- ✓ Easy to clean
